At Elkins High School, we believe that a community is just as strong as their motivated and involved leaders. Our student council has been invested in bettering the community at a local and district level and we are a strong believer in the impact TASC has had on student councils as an organization. We have been substantially involved in TASC District 13 for many years now, whilst currently serving on the District Board this year (as well as the previous year). Through this, we have been able to facilitate district-wide service projects, collaborate efficiently with partner schools, and promote the prosperity of student leaders. The well-being and growth of student leaders and the community around us have been a priority of our Student Council since its doors have opened. This year we would be honored to take our work ethic to the state level and become a part of the TASC State Board as Parliamentarian for the 2020-21 school year.

Our student representative: Ashley Tamdjo, is currently a junior at Elkins High School. Since her freshman year, Ashley has been highly involved in our student council and its purpose. She has served as Historian and is now currently the Student Council Vice President. She has attended many of TASC's events and workshops which have propelled her as a student leader. Moreover, she constantly seeks to connect with the members of her student body and collaborate with them in ways that promote the enrichment of our council. Her commitment to the student council has shown through her engagement in projects and her will to bring a substantial amount of work ethic for anything that she is a part of. Her character and personality have allowed her to handle many matters with care and precision. She is currently representing our council on the District 13 Officer Board.

Through the support of our strong advisors, Tami Friday and Hannah Enad, our council has been able to stay dedicated and devoted to TASC for many years. They have consistently encouraged their students to advocate for what is right and seek out ways they can better themselves and their community. Our council is increasingly fortunate to have these advisors by our side for the genuine care and dedication they have for our student leaders.

Additional Comments: List (This can be any additional information you wish to share regarding qualifications, experience, etc.

To the TASC Board of Directors:

The Elkins High School Student Council from District 13 is seeking the position of Parliamentarian for the Texas Association of Student Councils' Board of Directors for the 2021-2022 school year. Our council has been an active member of TASC and is an advocate for the change and inspiration that the organization is bringing to students across Texas. We have held District Office for two consecutive years, with our student representative being the current Parliamentarian.

Moreover, our council is running with the platform H4H and we plan to be an advocate for those in our community who have to undergo the unfortunate circumstance of homelessness. This includes offering support, words of encouragement, and resources with the local shelters that we have partnered with. With our world experiencing uncertainties, not having a home to return to at the end of the day can make things even harder. It is important that we extend a hand to the displaced and homeless, by making it known that they have the support of the entire community. Empathy, benevolence, and compassion are components that have become extremely important whilst navigating through the difficulties of the pandemic.

It would be an honor to run and potentially serve on the Texas Association of Student Councils Board of Directors, and we plan to bring the utmost commitment and spirit to the Board!
