BCHS 12 Days Of Christmas

Project BCCHS 12 Days of Christmas took place December 4th-19th, 12 days before we released for finals. To decide on the dress-up days and activities we would plan for the month, we brought this matter to our student council, offering an opportunity for their voices to be heard and ideas to be considered. With that being said, this key point is prominent in the involvement of our student body. By including a wider range of students to make decisions for our school, we are able to create a more fair and valid environment where everyone has a say.

Although there are many amazing parts of this project, the best aspect is that it involves everyone, whether that's by decorating, donating canned food, dressing up, morning activities, class Olympics, reindeer games, or just putting a smile on their face and brightening someone's day. Various organizations are also crucial to the execution of this project-some examples of this are Student Council members helping plan and organize the 12 days, the Flower Factory helping StuCo decorate and set up trees, the construction class helping build decorations, and by each morning activity giving the spotlight to a designated sports group, teacher, or club. The community is also involved and benefits from this project through the canned food drive and feeding families in need throughout our town. Our neighboring student councils in our district additionally benefit from this when we share our ideas and thoughts on this topic. We also gain from this since they offer us feedback on how to make this endeavor even better for upcoming years. As a whole, this project is impactful and beneficial to many extents and truly makes our school and community a better place. Finding and generating joy and enthusiasm in a place that is usually known to have a boring and negative connotation is difficult to accomplish, however, this project makes the impossible possible and genuinely creates an inclusive and exciting environment as we end the calendar year.

Dear TASC Top 10 Project Committee:

BCHS 12 Days of Christmas is one of the most unique holiday projects that has grown exponentially over the years. From the morning greetings by all the various groups/talents-to the dress up days to ALL of the halls being decorated. The Christmas spirit can not be avoided and our students and faculty love every minute.

One of my favorite parts of the weeks leading up to "Santa's Opening Visit" is the buzz in the hallways as Student Council takes the lead in putting up 40 trees for all of the clubs/organizations, teams and even classes claim to decorate. It is almost like a Christmas tree farm where everyone "tags" their trees. Each tree is uniquely decorated and I am reminded that for some this may be the only tree they see during the holiday season.

This year our annual faculty "Reindeer Games"-where faculty teams drafted have a lot of fun participating in various games earning points and bragging rights was extended to the full 12 days. One of the tasks was a canned food drive where close to 8000 pounds of food was donated to our local food bank. We are a very competitive campus and so many laughs and memories were made. Team Cheers/Life Size Dioramas and a dramatic "Santa Takes Flight" paper airplane toss were just a few of the highlights.

I have been at BCHS for 15 years and in education for 20, and BCHS 12 Days of Christmas Project is one that I look forward to every year. Our students, staff, admin and faculty fully participate and it is truly one of my favorite times of the year. Please consider them for this prestigious honor as being chosen a TASC Top Project.

Respectfully,

Jamie Quarles
