

**When Strong Student Activities are Established, Achievement Follows!**

## SUMMER LEADERSHIP WORKSHOPS:

TASC Leadership Workshops help student leaders and advisors develop the skills needed to effectively lead a student council or chapter at the campus level. In addition to learning skills and techniques to improve student council operations, delegates gain insight into their personal leadership strengths. Led by experienced educators with a strong commitment to youth programs, the workshop program has an over 70-year history of serving student councils and honor societies in Texas.

TASC provides high-quality and significant value summer leadership workshops to student councils in Texas. The success of the workshop program depends on the adults who give their time and talents each summer. The roles of the director and the consultant, although very different, are vital to accomplishing the goals and objectives of this TASC program.

Student council advisors with the skills, interest, and time to serve in this capacity are encouraged to participate in the training program. TASC is interested in developing adult leaders who are willing to commit to student leadership instruction through TASC.

*Please note that the registration forms are separate for each workshop this summer. Be sure to click on the registration link for the correct workshop you will be attending!*

**A meaningful experience that empowers student leaders and advisors to lead effectively in schools and communities. Register now for the best thing you can do for your council!**

TASC has four onsite workshops, one Virtual Student Workshop, and one virtual Advisor Workshop scheduled for the summer of 2024.

- Onsite Workshops: Councils may register up to 18 students in 2024.
- Virtual Workshops: Councils may register up to 20 students in 2024.
