

TASC Endorsed Program Request

Board of Directors Policy Regarding Endorsements and/or Partnerships

Programs/projects that complement the mission and purpose of student council may be considered by the Board for an endorsement/partnership. Programs or projects interested in forming a partnership with TASC must demonstrate in writing the ways in which the program enhances the work of or provides a resource to student councils. Programs/projects sponsored by member schools are preferred. The Board will approve this type of relationship at the summer board meeting. The board may determine to limit the number of endorsed programs. These relationships benefit TASC member schools directly, either by providing a resource to the council or to individual students. Endorsed programs often exhibit at TASC events and present at TASC events. Benefits to an endorsed program/partner may include access to member schools data for marketing, inclusion in conferences through presentations and reduced exhibit rates, a link on the TASC website, and inclusion in the TASC Resource Guide. Relationships are established by a board vote and are renewed annually. Existing programs must demonstrate participation by and benefit to schools and justify the continuation of the relationship in writing.

Mission/Purpose of Organization	Texas Advocacy Project's mission is to end dating and domestic violence, sexual assault, and stalking in Texas. Texas Advocacy Project empowers survivors through free legal and social services and access to the justice system, and advances prevention through public outreach and education. Our attorneys, staff, volunteers, and Board of Directors are committed to advancing our vision that all Texans live free from abuse.
How does your mission align with the goals/purpose of Texas Student Councils? (See About Us tab at www.tasconline.org.)	We continue to be a resource for schools and student councils across the state so that faculty, staff, & students can understand and access legal solutions to dating violence & sexual assault.
