

## TASC Safety Plans re COVID for ML Leadership Development Days

As always, TASC's first priority is the health and well-being of its members.

- **Exposure to COVID:**
  - TASC urges attendees who are exposed to COVID immediately prior to the event find someone else to take their place. Do not risk infecting others.
- **Positive test immediately following the conference:**
  - Should an attendee test positive for COVID within 14 days following the conference, TASC requests that we be notified ([terry@tassp.org](mailto:terry@tassp.org)). TASC will notify other attendees that a positive test was reported. No names will be used.
- **Refunds:**
  - If a registered delegate's school institutes a no travel policy after registration, conference registration will be refunded. (A copy of the school policy will be required.)
- **Masking:**
  - Masks for all attendees are recommended at all times except when actively eating or drinking.
  - All unvaccinated individuals **must** wear masks at all times except when actively eating or drinking.
  - Advisors are responsible for ensuring students follow these guidelines.
- **Physical distancing:**
  - Activities will be planned to allow for physical distancing. Attendees are asked not to move chairs.
- **Meals:**
  - TASC will provide disposable plates and utensils for meals should attendees want to move outside or to another location to eat.
